CONGRATULATIONS

To the Silva family. A boy was born on Sept. 28th. His name is Marco Antonio Silva. Congrats again!

A Note From The Principal

Our job as educators at St. Gerald School is to make sure that each child succeeds in school. Learning what is being taught is a high priority that we have for our students. We want to open minds and make sure that our students use the gifts that they have been given. Unfortunately, due to laziness, lack of motivation, or just plain apathy, students don't always work up to their potential. The Mid-Quarter grades came out this week, and it was obvious that some of our students were not giving us their best effort. I know that it is early in the school year, but habits are being formed now. We want you to be proud of how your children are doing in school, and we want our students to feel good about themselves. That is why schools are partnerships. We want to work with our school parents to make sure that our students know that they have people who care about them all day long. We need to work together to teach good study skills, organizational skills, manners, behavior, etc. We can't afford to have lazy, unmotivated, apathetic children or even children who don't know right from wrong. It would be an injustice to them if this is allowed to happen. Our boys and girls have a bright future, and we feel very privileged to be able to help them get off to a great start in life. Children truly are gifts from God, and it is everyone's responsibility to nurture them and help these gifts (children) grow.

No School Oct. 5th!!
